

Dear QCS Families,

Due to the unprecedented situation before us and in the interest of safety and caution, QCS will be closing starting Monday, March 16th. The length of time for this shutdown is tentatively 3 weeks, as such, we plan on returning April 6th. This timeline may move depending on how this event unfolds. Easter break may be impacted by any return as well, which will be communicated at a later time.

As of March 13th at 3:00 pm, all extracurricular activities are suspended or canceled until further notice. This includes athletics, drama, and clubs. Today's extended care will be provided. Future events will be reviewed as more information is gathered.

March 16th–19th the campus will be closed to all QCS families. This is to allow staff time to transition traditional educational materials to online delivery. In addition, this will also allow staff to assess their own families' needs. On Friday, March 20th we will have materials available per class to be picked up from campus between the hours of 9:00 am–3:00 pm. These hours will be available the week of the 23rd and the 30th as well, this will aid in continuity of education. Middle School and High School students are to login to RenWeb and their Google accounts to continue learning via our online platforms. Chromebooks will be issued to each family starting next Friday to assist in this education continuity. Teachers can be emailed directly for questions regarding work and timelines, starting next Thursday.

For questions and concerns, please reach out to the school staff via email. Due to the regional, national and global nature of this event, we appreciate the extra measure of grace extended to each other during this challenging time.

Finally, as in all things, please be praying for all those impacted.

Sincerely,

Tim Gray

Timothy N. Gray, M.A., D.B.A. (abd)
