Quakertown Christian Assumption of Risk and Waiver of Liability Relating to COVID-19

The COVID-19 disease causes respiratory illness in people and has spread globally. COVID-19 is contagious and the World Health Organization has declared it a worldwide pandemic.

After our review of state and local orders regarding COVID-19, Quakertown Christian School (QCS) suspended in-person school in March 2020. QCS has continued to work with local, state, and national health and educational organizations to determine best practices and best steps for the safety and education of our students and staff. Utilizing the guidelines from these organizations, along with the QCS Board and our COVID-19 Task Force, QCS has decided to resume in school learning for the start of the 2020-21 school.

We welcome you and your child(ren) to participate in this model of face-to-face learning with the understanding of current community health situations. We will work to provide the safest level of care for your child(ren) while following our Health and Safety procedures as outlined in our Phased Reopening Plan. As a parent/guardian, your signature below indicates your agreement to the following:

1. Persons Using the Facilities. As a parent/guardian of a QCS student, I agree to take responsible measures by agreeing that if my child or I am knowingly exposed to a person who has been diagnosed with COVID-19 (or presumed positive), or display symptoms in accordance with COVID-19 indicators, I will not come on campus until I have been cleared by a medical doctor.
2. Protocols to Follow. As a parent/guardian at QCS I am aware and agree that my child(ren) will follow the protocols set by the school and the local health department. I understand that these may change at a moment's notice and that the school will update the procedures as needed. I understand that my child's failure to adhere to these guidelines may result in disciplinary action.
3. Assumption of Risk, Release, and Indemnification. As a parent/guardian of a QCS student I agree to the following:
 - a. assume all risk of COVID-19 that my student might be exposed to while on campus.
 - b. release QCS and its entities including board, employee, volunteers, etc. from any liability that may result from COVID-19 that may arise from being on campus.
 - c. indemnify and hold harmless QCS from any claims, demands, or liabilities stemming from COVID-19 that may arise from being on campus.
